

**The mathematics education graduate student  
(Mr.Chalongrat Kaoleok) of SSRUIC applied an  
integrated learning approach at Debsirin School in  
‘One Classroom One Innovation’**

The mathematics education graduate student (Mr.Chalongrat Kaoleok) of SSRUIC applied an integrated learning approach at Debsirin School in ‘One Classroom One Innovation’ Project on January 23, 2020. This approach is one type of active learning which focuses on learners’ activities and engagement of the learners in learning process with problem-based learning, project-based learning and cooperative learning. Mr.Chalongrat has submitted his research paper titled ‘A Study of Integrated Vectors into STEM Learning’ to present in the 11<sup>th</sup> National and International Conference at Graduate School, Suan Sunandha Rajabhat University.
